Acknowledgements

- I would like to extend my vote of thanks to my parents for enrolling me in this internship. I had cherished the experience of learning under Mr. Ken's guidance.
- I would also like to sincerely thank my mentors- Ms. Mani and Ms. Smita, who helped me create this project. It would be a bumpy road without them.

About Me..

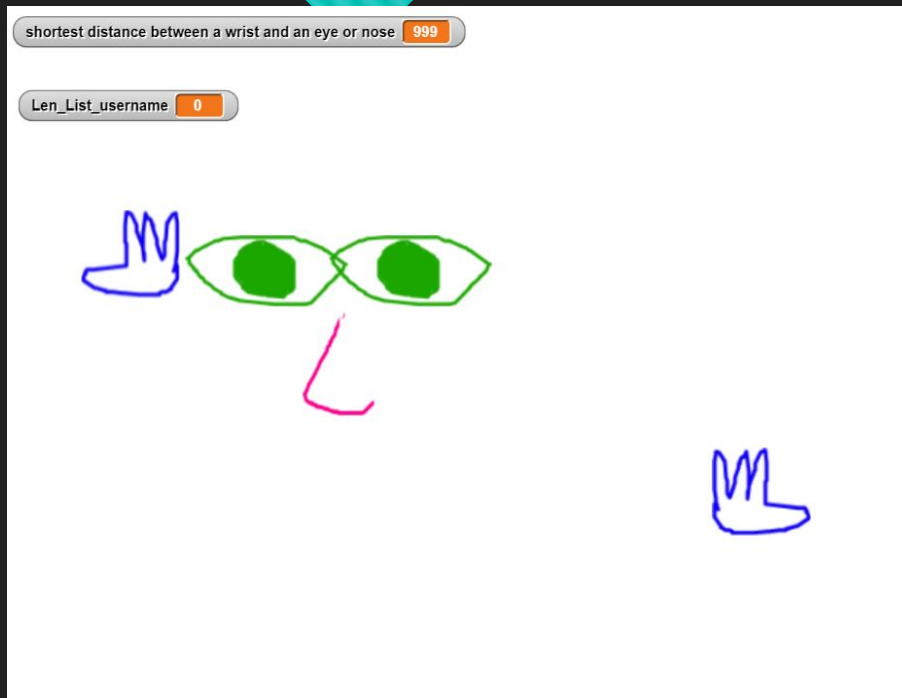

- I am Avika Gaur, 13 years old, currently studying in grade 8.
- A.I interests me because it has become the talk of the town, The whole world is dependent on A.I, So, I thought why not give it a shot!
- My expectation from this internship is just to be thorough with the basic concepts of A.I using which I can build projects that can help people on a global scale.
- My hobbies are listening to audiobooks, dancing, public speaking, journaling and elocution.
- It is my pleasure to learn under the guidance of Mr. Ken. I would extend my sincere gratitude to him for creating a platform where we all can explore different pillars of A.I, It will help our young generation to learn A.I in the best way possible.

About My Internship with Clevered..

- I have had an incredible journey so far; I have loved to learn under the guidance of Mr. Ken and my mentors- Ms. Smita and Ms. Mani.
- My mentors have always supported me and helped me whenever it was needed.
- I have also won several rockstar badges for attentiveness, innovation, timely completion and teamwork.

About App..

- My app, Hands off corona is a safety app which is designed to warn people when they touch their face as this has been the need of the hour during this pandemic. It will help young children to make it a habit and stay safe.

How do I use the App?

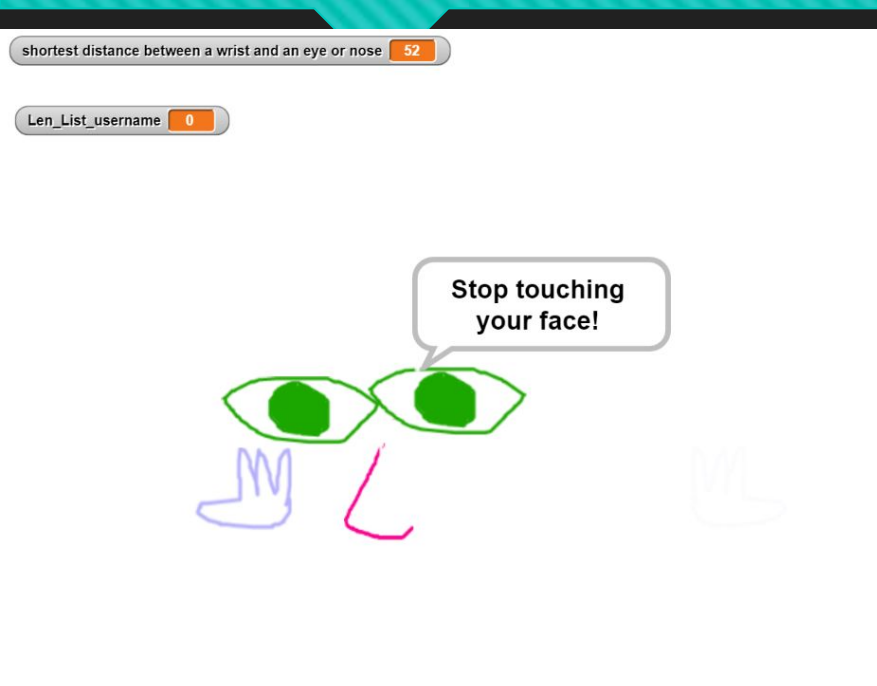

- My app is very convenient to use, its user friendly. People will not face any hardship in operating the app.
- Anyone can use this smoothly, whether young or old, rich or poor, educated or not that educated.
- It is designed in a way that it doesn't waste much time. It's short and sweet.
- Consists of only two simple steps- register and begin using it.

Register

- **First and foremost, you must click on the register button.**
- **After which it asks you to enter your username.**
- **Once your done with all the required steps in the registering process, you become registered in our app.**

Using the app

- **First you must grant permission to the website to use your webcam.**
- **When you run the program, you will be able to notice that the face on the screen moves along with you, when you touch your eyes, nose or mouth, it warns you by saying don't touch your face.**
